HARDY ENGLISH CHRYSANTHEMUMS

We were very happy with the way your orders poured in last Spring for these lovely Hardy English Chrysanthemums. We know you are becoming as enthusiastic about them as we are.

Each year we try out a number of new importations out in our gardens here before adding them to our new catalogue. You will find many varieties that we have sold for 50c and \$1.00 within the last couple of years moved into our 35c list in order to put our new Importations in List 2 and List 3.

This year you have the most wonderful opportunity to get a fine start or to add to the list that you already have and at a very reasonable price. Orders will be shipped about April 1st unless otherwise requested. Order early so as to be sure to get all the varieties that you want as we number your orders and then fill them in the order that we receive them.

List No. 1

35c Each or \$3.00 per Dozen, All Different, Customer's Choice
2 Dozen, All Different, Customer's Choice for only \$5.00

- ALEX McALPINE.** Rich golden orange shaded pale bronze. Sept.
- ALWIN.** Beautiful salmon-pink incurve. Nice stiff stems, good size blooms. Early.
- AUGUST GLORY.** Fine golden bronze incurved. Good sized blooms. Early.
- AUGUST PINK.** Lovely shade of clear rich pink. Vigorous grower and nice large blooms. Early Aug.
- AUGUST RED.** Extra double early flowers in a nice shade of red. One of the first to bloom. Aug.
- BALCOMBE GLORY.** Richest yellow, glorious color, very large, solid incurving blooms, strong grower, very fine. Sept.
- BARBARA.** Light rose-pink, large flowers with firm reflexed outer petals and incurving inner petals. Sept.
- BRIDESMAID.** Delicate blush pink suffused salmon. Large reflexing flowers that are lovely. Sept.
- BRONZE EARLY BUTTERCUP.** Rich deep bronze with golden reverse. A fine incurved variety. Best disbudded. A very popular variety. Aug., Sept.
- BRONZE GOUCHER.** Fine large bronze and gold. Fine to disbud. Late Sept.
- BRONZE PRECOSE.** This one really blooms in the summer, so be sure to plant it if you have short growing seasons. Pretty bright bronze blooms that are fine for cutting. July on.
- CALUMET.** A very large incurved yellow with a slight hint of bronze. Truly a lovely Chrysanthemum. Sept., Oct.
- CARNIVAL.** A very bright scarlet red. Probably the very brightest colored variety. One that is much admired. Sept.
- CHARTER.** A full large flower. The color is a brownish bronze that is rather unusual. Sept.
- CAESAR.** Deep rose-pink that blooms in October. Very nice variety and should disbud well.
- COMMANDO.** Solid bronze bloom of good size, flowering in September. Lovely weatherproof flowers.
- CONQUEROR.** We now have enough of this fine variety so that we can put it in this first list. A lovely deep red on tall stiff stems. Nice deep green foliage. Late Sept.
- CONSTANCY.** Large creamy white flowers with reflexing form. Sept.
- COPELAND COPPER.** Copper bronze. A variety that is good in sprays without dis-budding. Especially good for short season localities. Nice stems and good rich color. Aug., Sept.
- COPPELIA.** A startling shade of Indian red that does not fade. Fine long stiff stems. Need not be disbudded as lovely in sprays. One of our best sellers in both cut flowers and plants. Aug., Sept.
- CORAL QUEEN.** A very lovely large salmon coral. A beauty. Good in sprays, also disbudded. Sept.
- CORONA.** A nice broad petaled flower of unique shape. Color is bright orange amber. Sept.
- CREAM DUCHESS.** Cream shading to lemon in the center of the bloom. Fine for exhibition or cut flowers. Sept.

CRIMSON SPLENDOR. Rich velvety crimson. The showiest one that we know of in this color. Nice size flowers, too. Sept.

CROESUS. Orange-bronze, strong grower with large blooms. Sept.

CYDONIA. Medium size bright salmon-pink. Very stiff stems and very prolific spray variety. Sept.

DAILY EXPRESS. A grand large flower of terra cotta chestnut. Very weather-proof. Good disbudded or in sprays. Sept.

DAILY RECORD. A lovely large ball-shaped white. Splendid variety. Aug.

DAYDREAM. Beautiful pale salmon flowers with nice reflexing form. Six-inch bloom standing all weather. Well named. Sept.

DELIA. Medium shade of rose-pink, very full reflexed flowers of immense size. Has broad petals of wonderful texture, strong grower and long lasting. A wonderful show variety. A seedling of Barbara. Sept.

DICTATOR. Bronze-scarlet with gold tips. Early blooming. Aug.

DOROTHY SPEAT. One of the best ever raised. Superb blooms, large and nicely reflexed and with rolled petals. A lovely shade of delicate pink with golden salmon center. Sept.

DR. GEORGE BARNES. Perfectly incurved flower 6 or 7 inches across if disbudded. Color is peach shaded cream. Sept.

DUCHESS. Rose with gold reverse and cream center, reflexing and a fine variety for cutting. Sept.

EMPIRE WHITE. A first class incurved white of great beauty and refinement, splendid upright habit, fine for cutting. Aug., Sept.

FAIRMAID. Very large blush pink that will produce blooms 7 inches across if disbudded some. Strong grower and fine texture. Sept.

FORTUNE. A grand white of excellent quality, with long stems and incurving petals. Its wide petals make it a grand flower for show or cutting. Aug., Sept.

FORWARD. Really a step forward. Disbud and is fine for exhibition with blooms 6 inches across. Stiff petals of a beautiful silvery pink. Sept.

FREDA. A beautiful bright silvery mauve pink. Very lovely for cutting. Makes a wealth of flowers that are quite resistant to frosts. Everybody should have Freda. Sept.

FREDA PEARCE. Soft rose-pink, center suffused yellow and gold, strong grower, large exhibition, reflex flowers. Sept.

GOLD FINDER. Fine large golden yellow. Sept.

HARMONIOUS. A lovely shade of golden amber with a soft overlay. Broad pointed florlet blooms 5 inches across. Aug., Sept.

HELEN THORPE. A distinct variety lovely in form and color. A warm cream on pink ground. Flowers stay fully double to the last, commencing to bloom early and continuing through the season. Also extra good disbudded. Aug. on.

IVORY. A good solid incurve white for disbudding. Sept.

JOAN FELLOWS. An outstanding flower, one of the largest we grow. Color rose-cerise. Grand grower and fine exhibition variety. Sept.

JOYCE. A warm rosy salmon with nice reflexed blooms. Flowers are large and firm and medium height. An extra lovely variety. Sept.

LEDA. A large heliotrope pink with flowers 6 inches across when disbudded. Also good grown in sprays. Beautiful rolled petals. Stems are strong, and plant is a fast multiplier. Sept.

LINDA. Reddish orange with gold reverse, loosely incurving flower of large size and early free bloomer. Medium height. Aug., Sept.

LITCHFIELD CREAM. A very lovely, very incurved rich glowing cream that we are very partial to. Sept.

LITCHFIELD PEACH. Clear almond blossom pink. Makes lots of flowers that are nice for cutting. Aug., Sept.

LOVELACE. A bright medium size prolific pink, nice wiry stems and a very nice flower for cutting. Flowers have a grand texture. Sept.

LUTONIA. A beautiful golden amber, large incurved blooms of perfect form. Nice straight stiff stems. Sept.

MADLINE. Clear soft shell pink, long fluted petals and robust in growth should be very large disbudded. Exceptionally nice cut flowers. Sept.

MADONNA. An exceptionally fine large white. Supposed to be the largest white grown. We think it is equal but different than Mrs. T. Riley. Sept.

MARION. White shading to canary yellow center. Large reflexed blooms. Makes a 6-inch disbudded flower that is grand for exhibition or for cut flowers. Sept.

MARION PARK. A lovely light pink, good sized flowers, fine grower and heavy bloomer. A nice cut flower variety. Sept.

MARY ANN. Very large bloom with long rolled petals. Color orange-cinnamon, good free bloomer, small foliage. Strongly recommended for show and cut flowers. Sept.

MAVOUREEN. Lovely lilac pink full robust flowers, 6 inches across when dis-budded. Sept.

MINSTREL. An intense crimson-maroon. Early and very good. Disbuds very nicely. Also good in sprays. Aug., Sept.

MRS. A. CROSLY. Deep Mahogany red with gold reverse. Large broad incurved petals. One of the loveliest. Sept.

MRS. J. PEARSON. Probably the earliest and finest bronze for cut flowers. Has taken many high awards and a first class certificate. Blooms in late August and September.

MRS. J. PHILLIPS. A lovely deep purple incurve. We have always had a big demand for this one. Aug., Sept.

MRS. T. RILEY. A very fine white. Large reflexing blooms made up of broad petals. This white is different than the other white varieties and you should be sure to have it. Sept.

MRS. SMEARDON. Combination of old rose and bronze. Fast multiplier and very early bloomer. Slightly incurving. A variety that there is a big demand for. July, Aug., Sept.

MRS. SUTTERLAND. A lovely purple incurve with silver reverse. A very popular variety. Aug., Sept.

MUSKETEER. Medium size rose-pink, makes nice cut flower variety. Sept.

PEARL SWEETHEART. A salmon-pink sport of Sweetheart, outer edges of the petals are pearl-pink. This variety makes a nice cut flower, and lots of them, and blooms early. Aug. on.

PHOEBUS. Rich golden yellow, very full reflexed bloom with rolled petals. Vigorous grower and early. Sept.

PINK KING. A large incurved variety, nice whether disbudded or not. Inside of petals are a purplish rose and the outsides are silver. Really a very lovely variety. Early Sept.

PRECOSE SUPREME. Another member of the Precose family. This one is purple and blooms during the summer. July, Aug., Sept.

PRIMROSE. An immense primrose yellow with incurved petals. By all means, you should have this lovely variety. Early Oct.

PURPLE KING. Purple incurve with silver reverse. Very striking variety that would disbud well. Sept.

PURPLE QUEEN. Large rich purple of good growth. Aug., Sept.

QUAKER MAID. A fine rich dark red of large size. Marked with bright gold. This is one of the nicest dark reds. Aug., Sept.

QUEENIE. A fine pure white, long stiff stems, large flowers and small foliage. Nice for disbudding. Sept.

RADAR. A large golden amber bloom with deeper shading. Sept.

RADIO. Incurved orange-yellow, shading to buff. A nice large flower. Sept.

RENOWN. Rich golden yellow free blooming. Would disbud nicely. Sept.

RED KING. A fine bright red early blooming variety. Early Sept.

ROSEMARY. Large rose and salmon reflexing bloom. Nice stems and fine cut foliage. A very nice variety. Sept.

ROSE PRECOSE. A new flowering low growing rose-pink that starts to bloom late in July and blooms all the rest of the summer. A wealth of medium size blooms.

RUBY. Nice large ruby red flowers on beautiful shaped plant. Flowers nice for either disbuds or in sprays. Sept.

SALMON FREDIA. A beautiful salmon that is especially nice for cutting. Flowers are medium size on nice stems and nice grown in sprays. This variety is very frost resistant. Sept.

SALMON LOVELACE. Lovely bright salmon sport of Lovelace. Very early, large and fine. Flowers have a grand texture and fine for cutting. Aug.

SALMON PRECOSE. Lovely rather low growing salmon-pink with flowers about four inches across that are lovely cut. This variety blooms almost all summer. Late July on.

SEA GULL. Fine large white with solid flower, nice for disbudding. Sept.

SERENUS. A great variety. An extra large white, very vigorous grower with good long stems. Several awards. Best disbudded. Sept.

SHIRLEY PRIDE. A lovely early pink variety. In sprays it is remarkable, having long stems and all the blooms out together. Aug.

SUNNY CHARM. A lovely large deep yellow. A very charming variety. Sept.

SWEETHEART. An exceedingly beautiful color, rose-pink tinged gold with a flush of cream. Very early and truly lovely. Aug., Sept.

SYLVIA. Large salmon-peach that is very distinct and pretty. A flat Dahlia-like flower with twisted petals. Flowers 5 or 6 inches across without too much dis-budding. Late Sept.

Rayonante

BUFF RAYONANTE. A lovely buff flower with quilled petals. Disbud and you have something really lovely35
PINK RAYONANTE. Lovely orchid pink flowers of good size. Petals are tubular quilled, long and incurved. A truly lovely variety. Fine cut flower variety that is a good keeper35
SALMON RAYONANTE. A lovely salmon or rosy fawn. Same lovely Rayonante type being also a sport of the Pink Rayonante35
WHITE RAYONANTE. A lovely white sport from the Pink Rayonante. You should have it by all means35
YELLOW RAYONANTE. Another fine Rayonante sport. Same fine incurved quilled type. Don't miss it35

SPECIAL—ONE PLANT EACH OF THE ABOVE RAYONANTES
5 IN ALL — FOR \$1.35

Spoons

The Spoon Chrysanthemums are very unusual and interesting. Each petal is a tiny hollow tube or quill that flattens out at the end into a tiny spoon. On some varieties the tube and the spoon are the same color and in other varieties the tube is one color and the spoon another. They make very attractive cut flower arrangements.

APRICOT SPOON. A pleasingly different spoon with tubes of apricot bronze and spoons of apricot rose. Very frost resistant35
CARDINAL SPOON. An outstandingly different spoon with greenish gold tubes and cardinal red spoons. Good sized flowers35
CHARM SPOON. Rich dusty rose spoons with silvery white tubes. This is an especially nice new spoon35

- SUNSET.** A pretty tight yellow pompom on low bushes. A fine new Cushion.
- YELLOW SUPREME.** The best of low growing bright yellow Cushion varieties. New.

CUSHION SPECIAL — One Dozen, All Different, Our Selection, \$2.00

BUTTON CHRYSANTHEMUMS

This type of Chrysanthemum is especially good for cut flowers. Each flower is about an inch across and is produced in large clusters or sprays. Most of them are September blooming.

25c Each; \$2.50 per Dozen, Customer's Selection

- ANNETT.** A very pretty dusty rose Button you will love. Sept.
- CHIQUITA.** A very new, very lovely profuse blooming bright yellow Button. It is very early. We consider this the finest yellow Button. It is just finishing blooming when Judith Anderson is commencing so be sure to grow both.
- DELPHINE DODGE.** A very nice light pink Button.
- EARLY BRONZE.** A lovely light bronze and very early. Early Sept.
- EARLY WONDER.** A beautiful soft pink large Button. Grows on tall stems of lovely sprays. This is early. Aug., Sept.
- GOBLIN.** A golden bronze on rather large bushy plants. Sept.
- IRENE.** A very nice pure-white Button. Lovely in bouquets mixed with other colors.
- JEWEL.** A lovely orchid colored Button, beautiful in bouquets with Judith Anderson. Late Sept.
- JEWEL DARK PINK.** A brilliant deep rosy purple that surely is very outstanding. Very new. Late Sept.
- JEWEL DWARF.** A dwarf Cushion Jewel in orchid pink. Late Sept.
- JEWEL LIGHT PINK.** Extra lovely prolific blooming light pink Jewel. Late Sept.
- JEWEL PINK.** A very lovely pink sport of Jewel. Fine formation. Sept.
- JEWEL PURPLE.** A sport of the regular Jewel. Another one that is pretty in bouquets with the lighter colors. Early Sept.
- JEWEL WHITE.** It takes this new white Jewel to round out the group. Sept.
- JEWEL YELLOW.** A very lovely buff yellow sport of Jewel. Late Sept.

JEWELRY. Rosy orchid Button. Makes perfect little flowers with an irresistible iridescent sheen. Hardy plant. Late Sept.

JUDITH ANDERSON. A very fine yellow Button that is really super. Makes a great wealth of flowers.

LAVENDER LASSIE. A lovely new lavender Button that is no doubt a sport of Lavender Lady. It is identical every way except in size. Lavender Lassie is really something extra special. Early Sept.

MAGNOLIA. A free blooming large Button of soft pink and creamy white with soft yellow undertones. Early Sept.

MARY PICKFORD. A lovely white Button, fine for cutting. Sept.

NANCY. Tall growing yellow Button. Oct.

ROSITA. Compact light Persian rose Button pompom. Bush completely covered with these lovely little pink Buttons. We certainly fell in love with this one.

REMBRANT. Bright rose-pink dwarf growing Button. Sept.

RUBY POMPOM. A large ruby crimson Button. A striking addition of color to the Button family. More rich and glowing than any other Button. Blooms in remarkable profusion. Oct. 1st.

SEPTEMBER BRONZE. The bronze tints of autumn are beautifully reflected in the shapely blossoms, which shade from golden bronze to intense warm bronze.

SEPTEMBER GOLD. A bright gold dwarf Button.

SONNY BOY. A bright golden Button. Well loved. Very early and lovely.

WHITE BOUQUET. A very fine new prolific blooming white button.

YELLOW BOUQUET. A fine companion to the new White Bouquet. A fine new variety that makes a wealth of bright golden yellow Buttons.

BUTTON SPECIAL — 12 Buttons, All Different, Our Selection, \$2.00

Miscellaneous Chrysanthemum Types

The following varieties are not English but all selected for their various good merits.

25c Each; \$2.50 per Dozen, Customer's Selection

A E WONDER. Ball shaped flowers of golden yellow in sprays. Makes a good early cut flower variety. Aug., Sept.

ANGELO. A lovely silvery pink, very nice but not as early as some. Oct.

IRIS

We have a very good stock of Iris this year and you will find the prices are exceptionally reasonable. Ordinarily Iris orders are not filled until July and later. However, due to the fine supply we have on hand, we will fill your order as soon as possible after receiving your order, unless you instruct us otherwise.

We grow the finest and largest Iris Rhizomes we have ever seen, and we are sure they will please you. Extra premium Rhizomes are sent with all orders. The number and value depends upon the size of the order.

NOWETA (H. Sass 1932) M. 33 in. Creamy pink. A frilly sprightly flower in a warm melting pink	Each	.30
NYLON (Whiting 1940) 36 in. E. M. Caramel tan with rosy suffusion. Smooth large and well branched. Large ruffled blossoms	Each	.40
OLAKALA (J. Sass 1943) 38 in. M. A flaring lightly ruffled flower of the deepest orange-yellow that you can imagine. Very rich in color and brilliant in effect. Probably the most talked about yellow Iris. Rated second place in the 100 best Iris in 1947	Each	1.00
ORANGE FLAME (Salbach 1940) 30 in. M. L. The standards are golden orange, the falls are fiery copper red. Very brilliant. Flowers are large and the stalks are well branched	Each	.40

ORMOHR (Kleinsorge 1937) A William Mohr seedling. Color is pale lilac with a silvery cast. Veined violet	Each	.40
OREGON TRAIL (Kleinsorge 1943) Heavy textured flower of blended shades of salmon, brown and gold. Rich and lovely	Each	1.00
OLD PARCHMENT (Kleinsorge 1939) 38 in. M. The large flowers are creamy white or perhaps more of an old ivory with a creamy tan suffusion. A large flower of splendid substance	Each	.40
ORLOFF (H. Sass 1937) 33 in. M. L. A plicata of deep cream ground with cinnamon heavily sprinkled throughout. Heavy bloomer	Each	.40
OSSAR (H. P. Sass 1937) 32 in. M. A glowing dark brown red, a blaze of rich color that looks beautiful in the front of the Iris border.....	Each	.25
PATRICIA (J. Sass 1939) A frilled and ruffled white intermediate.....	Each	.40
PINK IMPERIAL (Weed 1939) 46 in. E. M. A very free flowering blush pink color without noticeable veining. A lovely variety	Each	.50
PINK RUFFLES (Smith 1940) 28 in. M. A soft lilac pink heavily fluted and ruffled. Flaring falls and prolific blooming on a plant of intermediate height	Each	.60
PRESENT (C. G. White) 36 in. M. A beautifully shaped pinkish tinted Iris dotted and veined. A lovely rose patch on the falls	Each	1.00
PRISCILLA (Whiting 1942) 31 in. M. A white Iris that is white beard and all. A lovely form well rounded with fluted petals	Each	.75
RED GLEAM (Lapham 1939) 34 in. M. One of the closest approaches to true red brilliant and velvety with a chestnut cast. Good sized flowers nicely branched	Each	.50
RADIANT KNIGHT (Salbach 1942) Clear orange brown standards, rich copper orange falls	Each	.50
REDWARD (Cook 1942) 34 in. M. L. Bright crimson-red, startling and vivid. Fine large flowers with velvety spreading falls. We thought this was really a showy red	Each	2.00
REMEMBRANCE (D. Hall 1942) A delightful shade of light pink with an infusion of cream that makes this a lovely, long to be remembered....	Each	.75
RISING SUN (Kirkland 1941) 34 in. M. A deep rose-pink and red bi-color with a yellow flush in the heart of it	Each	.50
ROCKET (Whiting 1945) 36 in. M. Truly a wonderfully beautiful, different Iris. Flowers are a brilliant deep orange with falls of a heavier cast of orange. The finest orange Iris to date. The flowers are large, wide petaled and of very heavy substance	Each	5.00
ROSELAND (Hall 1939) 38 in. V. L. Buff rosy standards and rich berry red falls edged with a softer shade. A lovely rosy hued Iris	Each	.50
ROSY WINGS (Gage 1936) 38 in. M. An intriguing Iris of rosy red and crimson-brown. A heavy blooming, rapid multiplying variety.....	Each	.25
ROYAL SCOT (Hall 1944) 38 in. E. A very pleasing plicata. White ground so deeply trimmed with burgandy red that at a distance it gives a red effect	Each	.60
RUTH POLLOCK (H. Sass 1939) Still another plicata. This one has soft yellow grounds unusually stitched with markings of redish rose. A flower that is near perfection	Each	.40
SALMON SPLENDOR (Lapham 1941) 30 in. E. M. A prolific flowering salmon with an underglow of pink. A charming Iris that makes a lovely garden clump	Each	.50
SAMOVAR (Hall 1941) 34 in. M. Very large brilliant flowers of rich coppery red. A unique coloring that makes a lovely garden addition.....	Each	.35
SHARKSKIN (Douglas 1942) 38 in. M. Silken finish, pure white Iris of good heavy leather-like substance. Lovely plant, nice tailored flowers.....	Each	1.00
SHAWANO (Williamson) 37 in. A brilliant yellow with Van Dyke veining on the falls	Each	.25
SIEGFRIED (H. Sass 1936) 44 in. L. A very popular plicata of pale sulphur yellow stitched and strippled with purple-brown	Each	.35
SNOW CARNIVAL (Graves 1942) 38 in. M. A very outstanding white Iris that you will be proud to raise. This ruffled, frilled, cool, white Iris possesses unusual balance and beauty	Each	1.25
SNOQUALMIE (Brehm 1938) 36 in. M. A thick deep cream like the cream of the Jersey cow. Very large in size and of leathery texture.....	Each	.40
SALAR (DeForest 1940) 40 in. M. L. A combination of opalescent creamy flesh with an overlay of salmon with rose tones around the beard. Large flowers on well branched stems	Each	.40
SOLID MAHOGANY (J. Sass 1934) 38 in. M. The smoothest deep mahogany-red that you can imagine. Large flowers of good substance, finely formed, smoothly finished and heavy textured. One of the 100 best Iris.....	Each	2.00

SONNY BOY (Kirkland) A coppery blend with tints of gold and henna. Similar to the old King Midas but brighter and larger.....	Each	.25
SPINDRIFT (Loomis 1944) An unusual new delicate coral-pink that does not fade. Has a bright tangerine beard, wonderful substance and form.....	Each	1.25
SPUN GOLD (Glutzberg 1940) 38 in. M. L. Striking gleaming golden yellow that ranks as one of the foremost in the yellow Iris. It has a glistening thick texture and perfection of form and color	Each	.75
STARDOM (Hall 1941) 34 in. M. Unusual blend of salmon, apricot and rose with yellow lights showing through. A free bloomer with flowers of good size and substance	Each	.40
STARLESS NIGHT (J. Sass 1941) A lustrous deep dark purple glowing with a reddish brilliance	Each	.50
TAPERTY ROSE (Hall 1942) 38 in. M. The large flowers are a soft old rose and are carried on a tall well branched stem	Each	.60
THE SENTINEL (Hall 1942) 34 in. M. A brilliant burnished copper orange Iris with large flowers of good form and substance. A very showy clump in front of your Iris border	Each	.40
THELMA JEAN (Peck 1939) 34 in. E. M. A flaring flower in a rich shade of petunia violet with ideal stiff upright standards and crisp broad falls...	Each	.40
THE RED BRICK (Weed) Large flowers of brick red with good form and substance. One that is well liked	Each	.25
THREE OAKS (Whiting 1843) Glowing massive old rose-pink blend with very broad flowers. Flower is overlaid with rose-copper. Large flowers with domed standards and semi-flaring falls. Hardy and prolific.....	Each	1.25
TIFFANY (H. Sass 1938) 34 in. M. A gay yellow plicata with bronzy, pinkish, violet stitching. A gracefully frilled flower of full proportions, very large, vigorous growing	Each	.40
TIFFANJA (DeForest 1942) 38 in. M. A new and unusual plicata. Standards are colonial buff, falls creamy white bordered buff with light brown lightly brushed on the haft and speckled around the border.....	Each	.30
VAGABOND PRINCE (Sass) 36 in. M. A dark black-purple. Nice large glossy flowers	Each	.35
VEINED BEAUTY (Weed 1940) 36 in. E. M. Plicata of white and violet. Standards veined and washed violet, falls white with the outer half inch edged with dotted and veined violet	Each	.40
VEISHA (Whiting 1943) Bright rosy copper blend with clear blue haze at the haft. Very colorful	Each	.60
VICE REGAL (Miles 1946) 33 in. M. Here is a lovely new Iris from Canada. A richly colored bronzy red-purple with bronze beard. Velvety, beautifully formed	Each	1.25
VIOLET SYMPHONY (Smith 1940) 40 in. M. The flowers are large and domed standards and wide falls. An exquisite violet colored self, colored with no markings or veinings	Each	.50
WABASH (Williamson 1937) 38 in. M. One of the most popular Iris ever introduced. Winner of more awards than any other Iris and now at a price that everyone can afford. Standards are white and slightly ruffled. Falls are deep purple trimmed with a white margin	Each	.35
WAR EAGLE (J. Sass 1933) 38 in. L. Daphne pink, standards with dahlia carmine falls. Fragrant and a heavy bloomer	Each	.25
WEST POINT (Nicholls 1938) 38 in. L. A two-toned flower with standards of bright indigo blue and falls of intense indigo blue. Falls are wide and firmly held	Each	.40
WINE GLORY (Weed 1936) 36 in. M. Large flowers of wine red, white at the haft with brown veining. Slightly fragrant	Each	.35
WINNESHIEK (Egelberg 1931) 37 in. M. One of the finest in the dark blue section, unusually broad and lustrous. A touch of ruffling adds to its graceful form	Each	.35

WHITE CITY (Murrell 1939) 42 in. E. M. An immense silky flower of blue-white with a deeper blue finish at the heart. Dykes Medal winner. Ice cold effect	Each	.50
WHITE WEDGEWOOD (Grant 1943) 38 in. M. A large porcelain white with blue at the base of the beard and haft. Something new in whites. One of the loveliest	Each	1.25
WILLIAM MOHR (Mohr 1935) 30 in. E. M. A huge, exotic lavender closely netted overall with fine purple veining. Grow in hottest, best drained area in your garden and see how pleased you will be	Each	.35

IRIS SPECIALS

All the Iris in our specials are taken from the varieties listed in this catalogue. We are not making any definite list of what each Special will contain, but they would cost you at least double if you ordered from the catalogue.

In order to make these specials, they must be our own selections. We fill several orders at the same time and if any of you want definite varieties you must order from the catalogue at regular prices.

You will find wonderful bargains in the following three specials:

Gem State Special

25 Big husky Rhizomes, each a different variety labelled and covering a wide range of color, for \$5.00

Double Gem State Special

50 Rhizomes, each different and each labelled and in a complete range of color, enough for a complete Iris garden. Price..... 10.00

Triple Gem State Special

75 Iris Rhizomes, each different and each labelled, in a complete range of colors and varieties. This will give you more varieties than anyone in your neighborhood and make your garden a showplace at Iris time. Worth much more than the price asked. All are big, strong Rhizomes. Price for 1 each of 75 varieties 15.00

JAPANESE IRIS

To us the Japanese Iris are among the most beautiful of all Iris. No garden should be called complete without a collection of them. Easily grown but like plenty of water when blooming.

SPECIAL — 12 Fine Large Roots \$5.00
(Mixed)

IRIS SPURIA

OCHROLEUCA GIGANTEA. A stately garden plant and a beautiful long-lasting cut flower. In good moist soil it will grow 5 feet or more. The flowers have pure white standards while the falls are yellow with a quarter inch margin of white. An ideal plant for garden or cutting.

Strong Clumps 50c Each Dozen \$3.50

OCHROLEUCA, AZURE FAIRY. Same habits and requirements as Gigantea. The flowers are a soft blue with violet shading. A welcome addition to this group.

Strong Plants 50c Each

OCHROLEUCA, GOLDEN STANDARD. This is a fine tall giant variety with golden yellow flowers. A beautiful plant for the garden and lovely for cutting.

Nice Plants, Each 75c

SIBERIAN IRIS

Similar to Japanese Iris in shape of bloom and plant except the foliage is quite narrow and the bloom is small. They form stately dark green clumps that add much beauty to the garden. Fine cut flowers.

DRAGONFLY. Purple.

SNOWCREST. Pure white.

PERRY'S BLUE. Light blue.

KING OF BLUES. Blue.

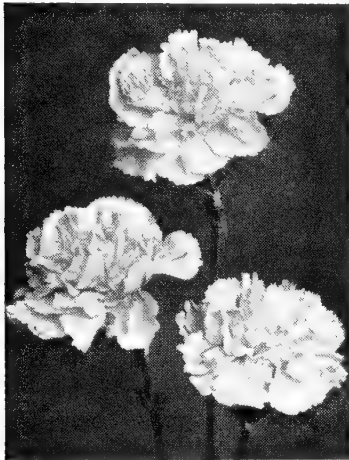

Large Divisions 35c 1 of Each \$1.00 3 of Each \$2.50

Carnation

SMITH'S GIANT EVERBLOOMING CARNATIONS

We have grown Carnations for many years but have never had anything to equal these. They bloom all summer and the blooms are extra large even without disbudding. With disbudding they would equal greenhouse varieties in size. Lovely full centered double flowers in bright attractive colors. This year we can offer them just in a mixture of colors. These Carnations are hardy.

Each 25c 6 for \$1.00 \$2.00 per Dozen

Hardy Asters (Michaelmas Daisy)

We are glad to introduce three new varieties to our customers. These are of recent introduction from England and are due to replace some of the older varieties. Space does not permit a full description. Blooms in early September till late October.

PEACE. Very large pinkish lavender. Semi-double. Very free flowering.
PLENTY. Semi-double blooms 2 inches across in great quantities. Soft blue.
PROSPERITY. Large deep rosy pink in wavy masses. Greatly admired.

ABOVE 1-YEAR CLUMPS 75c 1 OF EACH FOR \$2.00

ADORABLE. Deep clear pink. Small redish blooms.
BEECHWOOD CHALLENGER. The nearest to red in a Michaelmas Daisy.
BLUE GEM. Large blue with a yellow center. Best blue.
BLUE EYES. Large pure violet with small yellow eyes.
MT. EVEREST. Best white. **SUNSET.** Very beautiful sunset pink.

The above six varieties are the best of the older varieties and produce many beautiful flowers when other flowers are scarce. Average height 3½ feet.

FUCHSIAS

The new varieties of Fuchsias are very interesting and lovely with their pendulous blooms throughout the summer and even into the winter. There are many combinations of the colors of pink, wine, red, lavender, purple, blue, white, in single and double or both upright and trailing plants. They may be grown as a house plant or outside in a shady place during the summer. Fuchsias need a rich soil, about $\frac{1}{4}$ peat, $\frac{1}{4}$ leaf mold, $\frac{1}{4}$ manure and sand and $\frac{1}{4}$ good loamy soil. Water for two or three times with 1 level tablespoon full of sulphate of ammonia to a gallon of water. Keep off the foliage.

HEMEROCALLIS

DAYLILIES

During the past few years, flower lovers have taken a great interest in Daylilies and rightly so, because this perennial can "take it" in any section of the country and in any type of soil. There have been so many new varieties with larger flowers, new colors and better all-around characteristics. They deserve to be placed among our first perennials.

BAGDAD. Brilliant Oriental tones of reddish brown with orange throat and midlines. Flashy, attractive 5-inch flowers. 4 ft. June-July.....	\$.50
BOUTONNIERE. As name indicates, it is a rather small variety. Wide open overlapping petals. Sepals clear yellow, petals a light rosy peach. Good early fall bloomer. Aug.-Sept.75
DR. REGAL. Early blooming orange yellow with brown reverse. Blooms at the same time as the Iris. May-June.....	.50
DUCHESS OF WINDSOR. One of the new creams that is needed for the garden picture. A worthy and desirable variety	1.50
FLORHAM. Ruffled deep yellow with twist at end of the petals. Sweet scented and heavy substance. Blooms in June and again in the Fall.....	.35
GOLDEN DREAM. Lovely very large bright golden yellow. Flowers of extra heavy substance. Very fine50
GYPSY. Glistening deep orange, intensifying reddish undercast, evergreen. July50
KWANSO FLORA PLENA. Orange flushed with red, fine large double flowers. July and August50
LINDA. Five-inch blooms with crinkly petals of creamy yellow with rose markings, sepals creamy yellow. July	1.00
OPHIR. Large deep yellow, one of the outstanding varieties; 5-inch heavy textured flowers. Very heavy bloomer. July50
PURPLE SAGE. Very dark red purple with satiny sheen and green-yellow throat. 5-inch flowers with broad petals. June-July.....	2.00
QUEEN OF GONZALES. Solid orange. Earliest of large flowering varieties. May and June	2.00
ROYAL. Primrose yellow of fine texture. A fine Japanese hybrid. June-July....	.50
SUNNY WEST. Large pale canary yellow night flowering variety of wax-like substance. July-August50
THERON. Deep dark red purple with pale orange throat, the petals somewhat twisty near tips. Planted with yellow daylilies, make a startling contrast. June and July	1.50

THE CHINCHILLA

The Chinchilla is a beautiful small fur-bearing animal from the Andes Mountains of South America. The fur is beautifully soft and very valuable. They are practically extinct in their native habitat.

The raising of the Chinchilla is a new industry that has become nationwide. Many are becoming interested in them as a profitable sideline. They also make a very fascinating money-making enterprise for the many who would like to retire but do not want the boredom of idleness.

Chinchillas are raised in wire cages much like a rabbit cage, and are fed pellets, hay and a little greens. Cost of feeding is very small; about \$3.00 will feed an adult Chinchilla for a year. They are odorless, so may be kept in a spare room or in the basement of your house. Being a native of the high Andes, they do not require or want a very warm temperature. Not over 80 degrees in the summer and 50 or 60 degrees in winter is warm enough.

The entire industry has been built on a dozen animals that were brought to the United States in 1923. All of the Chinchillas now being raised are being sold for breeding stock and probably will be for several years to come. When the supply is built up sufficiently, they will then start pelting them. At this time there are only a few Chinchilla coats in existence.

Chinchillas are sold in pairs at \$1,000 to \$1,600 per pair. They generally bring their first litter at about a year old and bring one to four to a litter. However, most litters are two in the litter.

If you are interested in getting started in this interesting business, please write to us for more particulars.

Notice to Customers

Order filling season is a very rushing one for us and you will assist us greatly by observing the following suggestions:

PLEASE do not order from old catalogues, or stock not listed.

Don't write your order in a letter. Put it on a separate sheet of paper and be sure your name, Post Office and Express Office is on it.

WRITE or print name and address plainly. We get many we can't read.

PLEASE send remittance with order.

BE SURE to give Express Office if different from P. O.

ALL orders shipped Express, transportation collect, UNLESS sufficient postage is sent with order. Most orders will travel cheaper and reach you in better condition if sent by express. We like to fill orders liberally, so be liberal with postage. We will send extra plants for excess.

Damaged orders should be reported to the express agent and a claim made for damages.

Parcel Post shipments travel at customer's risk.

NOTIFY us within 5 days of any shortage or error in filling your order. Please mention the Order Number on your acknowledgment card.

GUARANTEE. All plants first class. Healthy and in good growing condition when they leave our care. Beyond this we assume no responsibility for shipping delays, rough handling or transplanting loss.
